"There are no Thai citizens do not have healthcare insurance"

Budget for medical expenditure

1

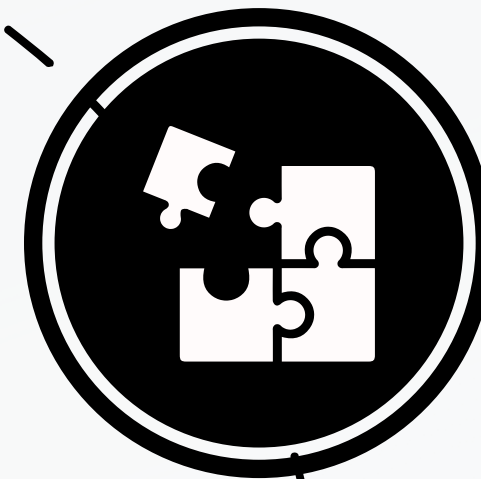

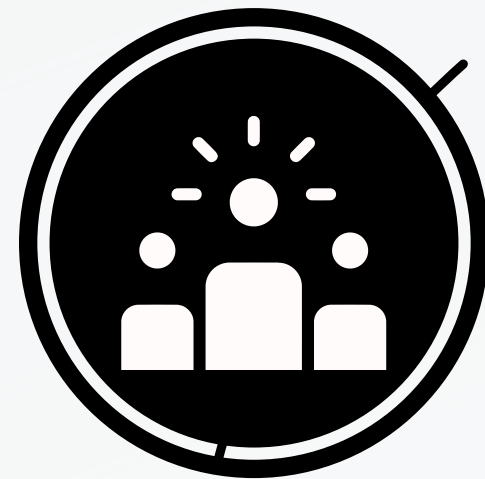

The Schemes used in **public sector**, with the exception of State Enterprise Officer Scheme, and **Universal Coverage** are tax-financed health insurance schemes.

2

State Enterprise Officer Scheme uses its own income to provide medical benefits.

3

Social Security Scheme is the only system which requires the beneficiaries to contribute directly to the Social Security Fund for healthcare benefits.

Budget for medical expenditure

4

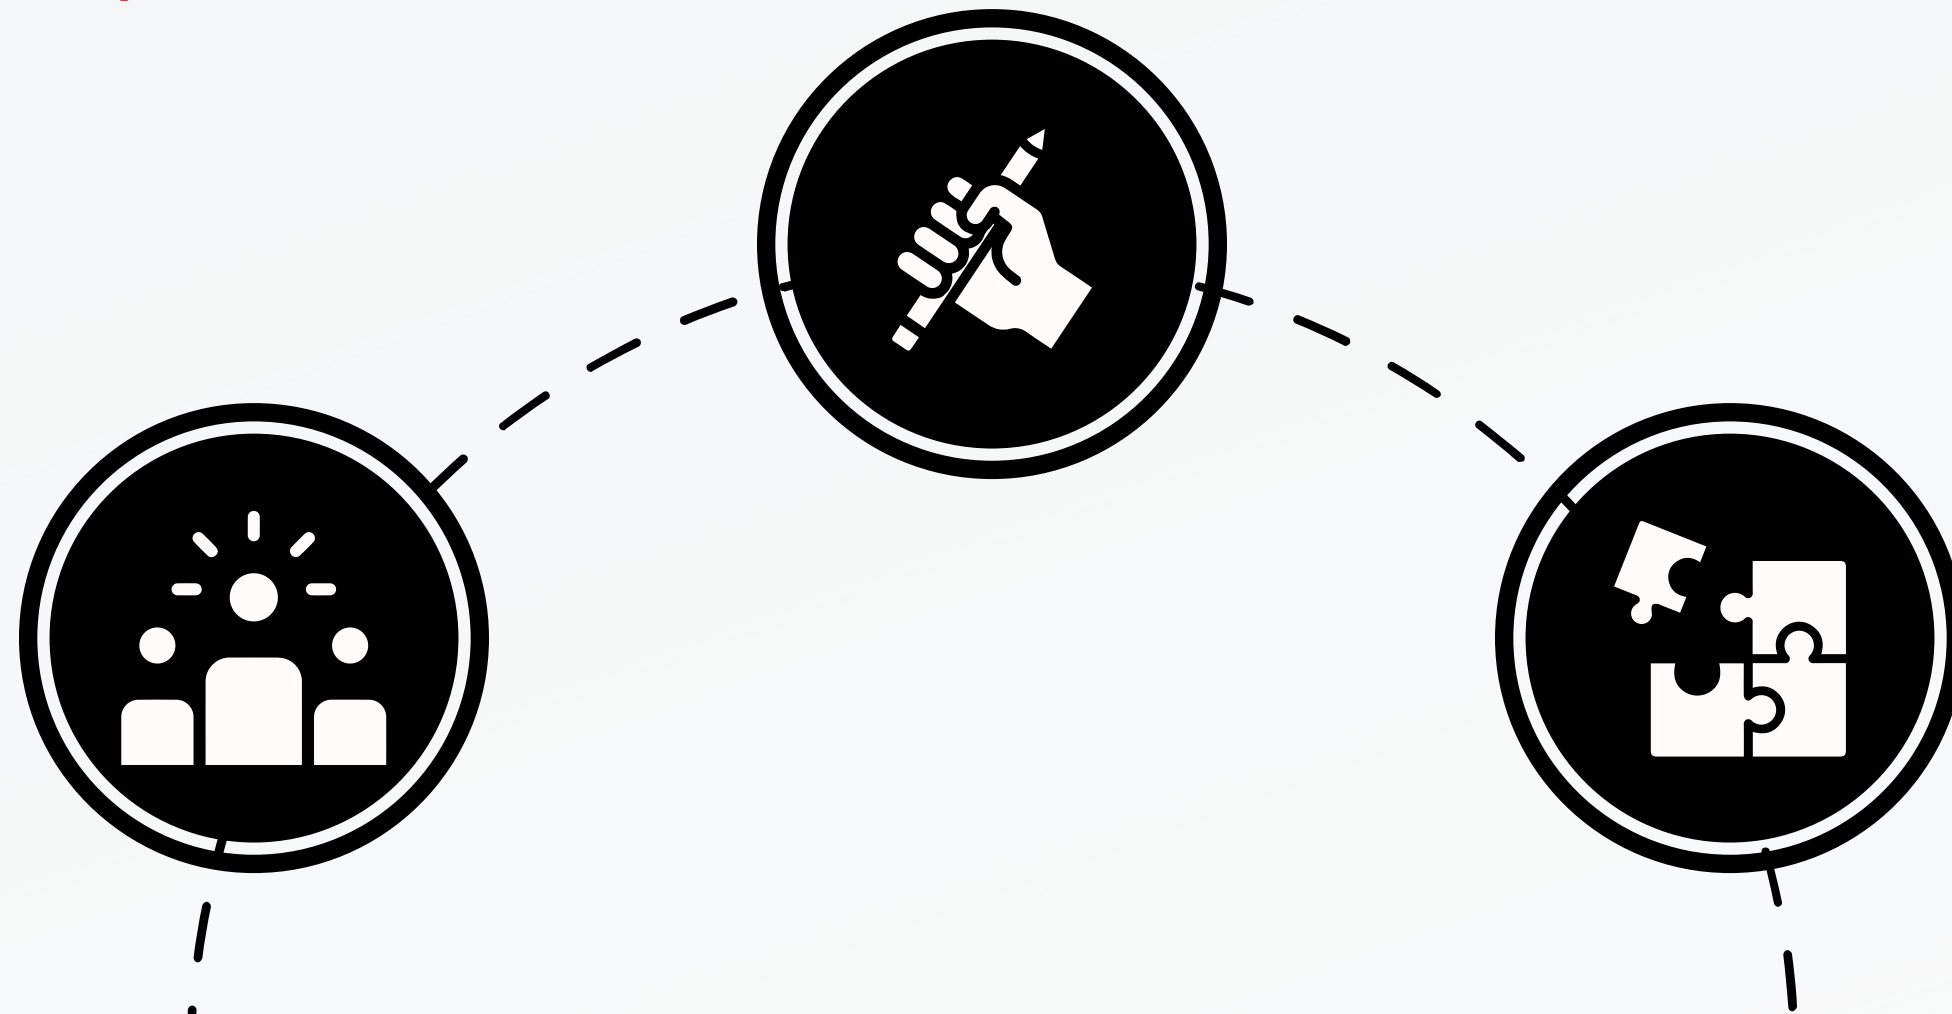

People are allowed to purchase private medical insurance by choice. **(alternative)**

5

Government budget is allocated to healthcare system **more than 17 percent of total budget.**

6

What next ?

CHALLENGE

The word 'CHALLENGE' is presented in a bold, sans-serif font. The top half of the letters is black, and the bottom half is red. A stylized, leaf-like graphic in red and black is superimposed over the middle of the word, extending from the left side towards the right.

- **Budget Limitation**
- **High expenditure in OPD case**
- **Aging Society**
- **Innovative medicines**
- **Medical device innovation**
- **Demand from stakeholders**

- **Controlling OPD costs by creating incentives in order to encourage hospitals to treat patients with generic drugs**
- **Collaboration with pharmaceutical companies to use risk sharing model**
- **Collaboration with other agencies to raise awareness of the importance of health literacy**
- **Promoting Health Preventive and Protection programs in the long term**
