

PARTICIPATING IN THE Transport, Logistics, Rail and Road (TLRR) WORKING GROUP - Feb 2022

The Transportation & Logistics, Rail and Road (TLRR) Working Group was established to provide an advocacy forum for EABC and other chamber members in the transportation and logistics sector (including shipping lines, airlines, freight forwarders, logistics service providers, air express operators, warehouse operators, customs agents and other companies with related services).

Thailand, with its favourable location in the ASEAN region, has seen steady growth of import and export volume. The transportation and logistics sector is important for Thailand's economy as it enables Thailand's industry to be competitive worldwide in their supply chains and opens future markets for Thailand, e.g. as a transportation/transshipment hub.

Objectives of the Transport and Logistics, Rail and Road (TLRR) Working Group

- 1) To be a forum for issues of interest to EABC members on Logistics, Forwarding and Custom topics.
- 2) To advocate for best practices for customs handling and transport related topics throughout Thailand.
- 3) To bring an understanding of relevant EU policies, laws and regulations for resolution of issues and problems.
- 4) To provide a networking and business connection in for companies seeking for logistics solution support.

Meetings – internal; External engagement

- We meet monthly for about 90 minutes and split in further smaller groups on specific issues (ex: compulsory licensing, enforcement, copyright etc.)
- We work in synergy with other EABC WGs
- We organise regular meetings with Thai authorities

Information

We provide an oral and written update to the EABC Board meeting via Board Advocacy Updates. We also provide updates; commentary/explanations/recommendations on urgent or occasional topics in addition to the European Business Position Paper (most recent 2025).
