2027

Our Story

The European Association for Business and Commerce (EABC), established in 2011, is the European Chamber of Commerce Thailand — the unified voice of European business in Thailand.

We advocate member interests, support European business in Thailand, and promote Thailand as an attractive partner for European trade and investment.

EABC covers all EEA states, Switzerland, and the UK — not just EU states — and works closely with the Royal Thai Government, EU Institutions, bilateral Chambers of Commerce, and counterparts across ASEAN and Europe.
